

A team from BCH recently returned from Liberia, Africa, where they had the joy of celebrating the grand opening of the new school in Gbonota, while also hosting a 4-day medical clinic and a 4-day VBS for the children. It was a powerful week of serving, worshiping, and connecting with the community.

It is hard to believe that the groundbreaking ceremony took place one year ago. At that time, there was a crumbling building of a school still standing. One of the first things that occurred after that day was the demolition of that building to make room for this beautiful school. Since then, 12,000 bricks were made on site, and many of those same people at the ceremony came alongside the skilled workers to complete this project in one year. Praise the Lord!

During the grand opening, the same children that attended the groundbreaking were present to dance and demonstrate their excitement for their newly constructed classrooms. It was a joy to see their faces and join with them in celebration, for the work that was completed but more importantly to give glory to God for his countless blessings.

Your gift given today supports projects such as this one to offer hope to children and families in remote parts of the world. Let these pictures be a reminder of the gratitude that others have towards the support that you give. Whether you give annually, monthly, or one time, your generosity delivers lasting hope to those that need it.

With a Grateful Heart,

A handwritten signature in black ink that reads "Craig".
