

Dear Pastors, Ministry Leaders, and VBS Directors,

RBP VBS and Bringing Children Hope are excited to announce a missions partnership that can help children in better ways than ever—Making Room: A Place to Belong.

This is *not* a typical “missions project.” It encourages the disciple-making potential of godly families for the next generation—an aim uniquely rooted in God’s Word (Deuteronomy 6:7).

Your VBS offering will directly reach families in the Dominican Republic whom society has forgotten about with homes, food, education, and a powerful witness for the gospel.

Many families in the Dominican Republic can’t provide a safe place for their children, so their families break apart. Your VBS offering helps change that. Step by step, we’re working to strengthen families so kids can thrive in safe, Christ-centered homes.

Your VBS offering helps children take an important step. They will be able to stay in safe, Christ-centered homes, hearing the gospel and thriving as local churches come alongside them. Whenever possible, kids will stay with their own families.

This project can directly impact your church! It’s a unique opportunity to help everyone in your church family

- grow in compassion and awareness for real-life needs of people elsewhere,
- be challenged to see the needs in front of them in their own community, and
- be part of a gospel-centered mission—every act of love points kids to Jesus!

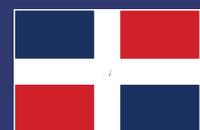

Sometimes a long-term outreach commitment can seem overwhelming. But here’s a short-term project—just for VBS—that can lead to long-term results.

We invite you and your church to prayerfully consider partnering with us.

Will you join us in making room for kids who desperately need to know that they belong?

In Christ’s love,

RBP VBS and Bringing Children Hope
